World Environment Day

Date: 5th June 2023.

On 5th June 2023, NSS UNIT of North East Institute of social sciences and Research (NEISSR), Chumoukedima joined with the world and observed the 'World Environment Day' on 5th June, 2023 under the theme 'Ecosystem Restoration' which highlight the urgent need to restore damaged ecosystem around the world. Rev. Fr. Lawrence khing, Vice principal of NEISSR along with the faculties and student participated in the program with full energy. The aim behind

organizing this program was to give awareness to the people about about keeping the environment clean and safe from pollution. For this purpose, we should plant more trees and make the earth green.

The vice-principal gave a speech in which he encouraged students to participate in activities. He also added that we should motivate others to keep their environment clean and free of pollution so that we can live a healthy life. NEISSR is blessed with 321 different types of trees including varieties of fruit trees. As part of the celebration for the protection of environment and making it an eco-friendly campus, the students along with the faculties partook around 50 orange and 10 guava samplings. This year's world environment was an opportunity to emphasize the need to protect and restore our planet. It was a pleasurable activity and serve as a reminder that we all have a role to play in safeguarding our environment and ensuring a sustainable future for the generations to come.
