REPORT

Topic: Promoting Youth Leadership through skill development

Date: 26/11/2020

No. of participants:

Program Conducted: NEISSR and Peace Channel

Resource Person: Ms. Garrol Lotha

Facilitator: Ms. Vitono Haralu

Objective: Train the youths and peers on skill development and capacitate them to become independent.

Summary: North East Institute of Social Sciences' and Research in collaboration with Peace Channel conducted a webinar on 'Promoting Youth Leadership through skill development'. The programme was facilitated by Ms. Vitono Haralu. Dr. Fr. C.P. Anto, Principal North East Institute of Social Sciences and Research (NEISSR) in his welcome address, he shared on how we can look forward to enhance the quality of an individual where the youth will be trained on developing their confidence and skills and be able to inspire others as well.

Ms. Garrol Lotha, Project Coordinator, Peace Channel stated that youth leadership through skill development is a transformative approach aimed at empowering young individuals to become effective leaders in various spheres. Focusing on improving essential skills such as communication, teamwork, critical thinking, and adaptability, this initiative seeks to prepare the younger generation for leadership roles. By providing comprehensive training programs, mentorship, and hands-on experiences, youth are equipped with the tools necessary to navigate challenges and contribute positively to their communities.

The emphasis on skill development not only cultivates competent leaders but also fosters a sense of self-confidence and resilience among the youth. Additionally, this approach recognizes the importance of instilling ethical and socially responsible values in young leaders, promoting a commitment to community service and sustainable practices. Ultimately, youth leadership through skill development is a catalyst for positive societal change, as it empowers the next generation to address complex issues, drive innovation, and foster inclusive and collaborative environments.

Conclusion: The programme concluded with an open discussion where the participants actively part took by putting forward queries and feedbacks for the session.
